Madam

I trust as I
should expect to
lose Miss Page,
I think that her baggage
to the Colonies for
the purpose of opening
places of reception,
and settling

Committee these
in aid of Middle
Class Temperance Societies,
could be to bene-
ficial to hundreds,
I may say, thousands,
of meriticians, but
suffering, & more, that
I am ready to
donate in my power
to assist the
effort.
It is not small

consideration that
the boys are not
the additional ad-
vantage of being
good to Miss Styer
health, it has been
sincerely -

I have enclosed a
draft for £25 towards
the fund. I say this
it is
"from a Gentleman, this
Lord Shaftesbury"
Yours most obedt
servt
Lord Shaftesbury
