Freiberg 9 Novembre 1870.

Dear Nelly,

I remember that your birthday is to morrow, so I want to write a few lines to you, for this occasion.

Last Sunday was my birthday, and I had a little party.

I got the Feats ~~as~~ on the Flord, and many other pretty things, the first is very pretty and I began to read it now. We are now in Freiberg and in Lindenhans, there we have got a little garden too. I am going to school here again, where I

have got many friends.

I hope you will soon come here  
once, and visit us here in Lindenbarrs,  
I am sure you would like it too.

Good-bye! dearest Melly.

Please give my love to your little  
sisters. I remain ever your

affectionate friend
