Dear Mr. How Martyn,  
Thanks for your letter.

I note what you say about the  
Albert Hall but I am afraid  
in their present temper the Committee  
will think it too small!

I feel quite sure the serious &  
orderly meeting at the Queen's Hall

has done us a lot of good with the  
better class of men & the League will  
soon be able to do its proper work,  
viz: use the vote.

But in the days of our prosperity  
we shall never forget what we owe  
to you & Mrs Despard.

It was very wrong of you to send  
10/- to the League & we are all very  
angry.

Yours very sincerely  
Herbert Jacobs
