Miss Willis.

Dear Madam,

The Office at which you can obtain all information re the Declaration is carried on by Miss C. Black, 67, Fleet Street, London, E.C. There you can be supplied with forms for signatures. Miss Black is glad to receive any donation, however small, as the expenses of printing, postage, are very high.

A good deal of publicity has been given to this matter of the Declaration and Committees have been formed in different towns for obtaining signatures. Perhaps you would be able to form such a Committee in your neighbourhood. There is no Women's Suffrage Committee either in Sevenoaks as you will see by the report which I enclose. We should be very glad if some interest in the subject could be aroused in the constituency. I shall be pleased to hear from you again if you see any prospect of doing any propaganda work.

Yours faithfully,

pro E. Palliser.
