My dear Pippa I'll be in London on Tuesday.

Please will you dine with me that night?

I've got a grand scheme whereby you will save
a soul & your own health as well - of course
you won't agree to it - it's too obviously the
right thing but you'll have to listen to it
for at least 5 minutes. If it produces no
effect as I expect I won't bore you any more.

I've just got Helen Dudgeon into lodgings here
Goodness knows whether it'll do her ~~thee~~
thee's nothing due for it but I can see.

The private view was a push - such a day
for it. I needn't have got my news hat
I found Amber Blanco White who had heroically

longer ~~to~~ two little sketches, and Molly
MacCarthy wandering rather desolately round
with Rachel. Not a soul interested in
my work - no the fierce incursions of
the British will drive me out of the country.
A glowing notice in the Times by dear Clutton
Brock ~~which~~ who plays up nobly and does his
duty as a Groller.

Let me know sometime on Tuesday by
telephone to the Omega. forgive this letter
by her steps with continually $\left\{ \begin{array}{l} \text{I} \\ \text{I} \end{array} \right.$ I $\left\{ \begin{array}{l} \text{I} \\ \text{I} \end{array} \right.$ I
in a furious temper $\left\{ \begin{array}{l} \text{I} \\ \text{I} \end{array} \right.$ so you $\left\{ \begin{array}{l} \text{I} \\ \text{I} \end{array} \right.$ suffer poor
newspaper included. $\left\{ \begin{array}{l} \text{I} \\ \text{I} \end{array} \right.$

This space has been covered with innumerable
signatures $\left\{ \begin{array}{l} \text{I} \\ \text{I} \end{array} \right.$ tokens of affection.
