Dear Madam.

The Institute having been closed for holidays & my being away, whose the cause of your letter remaining unanswered. I recollect perfectly receiving the copies of your "Songs of a Child", & we shall be very pleased to have a present of the second Part. With reference to your second question. We do not take Young Oxford, as our funds do not permit of our taking any but Daily Papers, & one or two magazines necessary

for reference, but if you care to be
so good as to supply us with it,
we shall be pleased to place it on
our Library table, as you suggest.

I am, madam

Yrs truly
