Dear Jellicoe I send this
this pair of ~~my~~ cuffs
to the soldiers at
the front. It is very
cold here and I dont
know what like it is
there, in my way I
think is very cold.

I am working in a
milk shop in the
morning. My boss is
very nice to me, one
morning when I went
out to my work she
asked me if I and

the rest of the boys
would knit a pair
of cuffs. We all said
we would and the
next thing she came
and gave us wool
and wires. Every

night after that I kept
working at it till
I was finished. Then
we got them all
ready and sent them
away.
