LONDON W.1.

Dear Mr. Fawcett
I wish it was in my
power to attend the meeting
which you appreciate me
to be held on Thursday
next in support of the
Woman's Suffrage Bill (W.S.B.)
now stands for the 2 sea-
son on the 15th of April -
but I have been of late
feeling a sufferer from the
effects of this very unplea-
sant weather that I

am obliged (for a while)
to attend ^{of this kind} the meetings,
& which, take me away
from home - You ^{would not}
however I trust, suppose
that my interests ^{at all}
diminished in the purpose
which your meeting, has in
view, which, I believe to
be, to enable women of
independent ^{position} means ^{equally}
with men, to be placed ^{themselves}
the Parliamentary registers

of Electors - I wish, I be-
lieve, as very early rep-
-porter of this, ^{justly} equitable
extension of the franchise
I have heard of no reason
for changing ^{my} opinion,
^{it} ~~to~~ have ^{been} viewed, with much
satisfaction, the progress
the cause has ^{with} made in
public favor -
With every wish for the suc-
cess of the movement, you are,
assisting I remain
yours very sincerely
