

feared so. But perhaps it won't sell any ^{more} ~~more~~
in that. 5750

Yes I should like another girls book, and there
would be no harm in keeping the same setting.
But it can't not call itself sequel. A
title suggests itself "A Little Older" by the
author of "When I was 10".
We would have liked this not later than May-
if possible April. We have an American
Market of books for Christmas there should
be out by September. We were too late
last year. If you have any notion I should
be glad to see it.

Yours very truly
A Macmillan.
The bevel goes by rail today.
