Dear Amy,

So many thanks to you
for your lovely letter & birthday
good wishes and also for the
lovely box of roses - so sweet
& fresh and full of reminders
of the country. Agnes has
just started for Rusty. She is

showing up the little cot - here &
showing (or landing) L. Deep) the
furniture L. Edmund & Ellen,
for the little house they have
found at Wiverton W. Plympton.

I wish I could have gone
down with her, but I was
tied by engagements which

made it impossible. It will be
a wrench to finally leave Rusty;
but I think it is really quite a
good thing. She has had "Pound
Cottage" for 5 years & I do not
think she has slept ten nights
in it during the whole time.

With renewed thanks
for your loving greetings &

with love to you all

Ever your loving

M. G. Fawcett
