

Kristo Jan - 29 - 1859

Dear Sir

Mr. Mansfield's parents can
to make any use I like of those
returns; - They will be admirably
placed in your volume, I afford an
excellent illustration of your views,
which you will doubtless point out.
You will observe how small a
proportion of these adults who are
sowing crime broadcast in the country
have been themselves detected criminals.

Yours always truly,
Mary Carpenter
