Dear Mrs. Stokes,

Thank you for your information about the Manchester lady. I will report your suggestion. If you can let me have the lady's name on a post-card, I should be obliged. As the Committee

so positively decided that the public meeting was not a Nat'l Union Meeting, but a North Eastern Soc's Meeting & that therefore they declined to interfere I cannot possibly do anything, in my official position, in any other sense. At our Council Meeting of course no-one but representatives & Executive will be present. I am very glad that

if you are not standing for election on the new Executive, you will at least be a member of Council. Good luck to the Sutton Society!

Yr very sincerely  
F. Stedman.
