My dear Mrs Billingham

I don't know which to think the braver, you or your daughter.

How wonderful she is! Her speech was magnificent — her action even more so.

You must be feeling keenly anxious about her and yet very proud at the same time.

They will not, surely, dare to go too far. Your personality seems to have impressed even the Recorder! May she

and her bear companions soon
be safely out again

The sentence is a monstrous one

with affectionate feelings

Very sincerely yours

Christie Tackhamb
