Dearest

There is no time for letters tonight — & in any case  
I wrote at length last night — but I send you a  
snap shot of the Roll call at Victoria Station when  
we started. The photograph seems to me absurdly  
like you. We have had a wet day here but crowds  
of visitors have poured in w<sup>o</sup>t. with standing — Miss  
Jane Harrison among the number.

Much love to you all my beloveds

M. S. G.

Our 2 ambulances & D. Cuthbert are starting for  
the fighting line tomorrow <sup>at 6 AM.</sup> as part of a convoy under  
the charge of the aide de camp of Genl. Fovier. It will  
be most interesting.
