Dear Pippa,

Don't trouble about
my question as to a hostel -
if you happen to know of one
I should be very glad of the
address for another time, but
for the moment our problem
is solved I think.

I am giving you another
piece of trouble but this is
very small - only to address
the ^{package sent herewith} ~~enclosed~~ to Miss Donie,

Hale
Fordingbridge
Hants

isn't she the Women's

Service Librarian? I have

been going through some old

papers & there are ~~at~~ a few

which she might just possibly

like as records of old times -

Some were from Bodichan's

(letters from old Dr Elizabeth

Blackwell etc) & some from

Sutton. I have indicated that

she needn't keep what she doesn't

want so I hope they won't be troublesome.

We are now thawing, & when

the process is over we shall feel

better. The weather has prevented me from
meeting Thoma for some time but I have
good accounts of her. I am affectionately
Barbara Stephen
