25 JULY 1927

Dear Madam,

I am glad to send you
ten pictures printed for the "Suffrag
des femmes" in France.

We will give them in the
markets, in the streets, in the
Country, everywhere, to the french
women - We are sending them, to
the "Senateurs", who refuse again
a few days ago, to discuss the Vote,
before their holidays - Let us hope
it will be the last fight.

I wish the french Suffragist will
become as brave, as tenacious as the
English "Suffragettes"!!

Believe, Dear Madam,

Yours Truly
Martine Brady
