Dear Mrs Younghusband,

I hope you have had
- or are you still having? - a
very good holiday. I have
just returned from Perranporth
Cornwall, where I had a
glorious time.

A few days before
going away I went to see
Brigadier Young re prospects,
& he told me that in September
he usually had more social
posts than he could fill!
Of course I was rather stag-
gered, & on thinking it over

I have decided that after all it might be wiser for me to be quite free during that month, at any rate.

I'm not sure whether I told you that I had a letter from Min Murray. I certainly meant to write sooner than this. She gave me an interview a few weeks ago & confirmed what Min Eckhard ~~told~~^{said} about my age being against me. However she said she would keep me in mind when (if) the panel runs out early next year. In any case I was to apply again.

It sounds quite hopeful. I hope you won't mind

about Stepmey. Father is
(suddenly) quite keen on
me getting a paid post - I'm
afraid the holiday expenses
have something to do with
this view. I am writing
to Min Levy immediately.
I'm very disappointed that
I shall not be working under
her.

I hope I shall be able
to see you when I'm next
up at L.S.E.

Yr. v. sincerely
Margaret Lay.
