Dear Trevor

I thank you so much
for accepting the Executorship -
it will relieve the father's
mind & mine also. He wrote
me saying it ^{the will} would become
void if he died, & as he has
simply been my prop ever
since my Sister died, I went
to a Solicitor of good report -
& gave particulars for a new
Will to be drawn up & am to
go on Wednesday to sign -
The said Will is to be kept -

in their strong room. He also
gave me at my request for
you. His address is
put that in 32 Strong room.
I knew Dr. Somerville before
I saw him this ^{morning} a very pleasant
individual.

What a time of anxiety you
have had how I long with
you that he may live his
normal life for years. I know
of and the wonderful care
which operation took place
15 years ago & everything
is well still. I was asked
if you were in business
in water I said I think
so, but whether it is shipping

or whether he is one of those
profiteering coal people who
won't let us have any coal
! I know not but I'll ask him
some day!!!

Very Sincerely In
Denny E. Price
