

Haydon on Tye July 15/89

Dear Mrs Mc Harbans AL/3131

I have been from home
and only received your letter
on my return this morning.

I remember Mr & Mrs
Watson speaking of Mr Medley
as one of their oldest and best
friends.

I am in entire agreement
with you about the Women's franchise,
but I have definitely abandoned
all participation in public
affairs and if I joined one
Society I would have to join
others. Since I left Parliament,

Therefore, I have declined to
join any.

You not unnaturally

confound me with my
father who had nothing to
do with Garibaldi more than

knowing him when he stopped
for some time with me when
in Newcastle in command
of the "Commonwealth."

Yours truly

J. Howden
