

Res. sent
No. 606

53 Stanley Gardens ^{Mr. Slopes}
Hampstead
2nd Nov. 1906

Dear Miss Palfrey,

Please address &
post enclosed letter for Miss Cooper.

I am writing to ask you
to let me have the Resolutions
spoken to on Wednesday
at the annual meeting.

They were not on my
card or papers, & nobody
near me had a copy. They
were all the more important
that events & opinions have marched
so rapidly. I was delighted with
Lady Frances Balfour's joke
at the Press. They deserved it.

This meeting at Mr
Barwood-Banner's house,
is to be on or about the 15th.
He says he cannot return
to take the Chair.

Unfortunately his daughters
are against it, and are
acting dilatorily.

His house is 10 miles from
Birkenhead, but I did not
hear the name. If you

can give any special
advice, or paper, or if
there is anything you
would like said, I shall be
glad to know. Or any
pamphlets that fetch conversations.
I remain yours sincerely
