Dear Dr. Ker,

It is such delightful news that I
am to stay with you again.

I had hoped to get to you
early tomorrow and I still hope
that I may catch an earlier
train than the above; but my
sister is coming up to
Edinburgh on purpose to see

me. I have some rather urgent
things to talk over with her
& I don't yet know when she
will come or leave. I will write
to you besides this note, as
soon as I know, but please
don't think it necessary to
come or send to meet me.

Yours most sincerely &
affectionately
