

Dearest Lillie, I am absolutely decided that
I will not be defended you must telephone to Mr.
Marshall at once. I can look forward to
four months or even six months imprisonment
- don't stand injustice in the Court &
go forward with all confidence. What
would you like if the same thing
happened as in Mrs. Brown's case. I may
go forward to four months imprisonment
with that to bear. Remember the Barretts
made Mrs. Logan look silly so that
she was the laughing stock in the
county. Mr. Pettick Laurence says
that you can constantly protest. It
is never reported. I wish to this imprisonment
of my own bat. or not. I myself is
responsible and I will carry it
through now myself. I will pay anything
that has been demanded. I will stand alone
if the other two wish to have someone they
can depend on. I tell you frankly
Mrs. Archer & Mrs. Roberts would not be
defended if it were not for you ^{wishes for me} and I
will not give one penny piece to throw
contempt on our cause. I give way to
them over the Solicitor's fight Court against
my will. I do nothing or least I try to make
no give way over this.
Please do not try to persuade all my
I will do it for you.

One lady has been discharged
because she has heard her father
is very ill. So don't feel afraid
that it would not be possible to
get out if anything was wrong at

a letter from a friend and we are
allowed to give a message near. Do
write them & ask him to ask to see me.
It may be a little difficult for me to see
him as you don't vote for women
as my religion he shall ask tomorrow
if I can see him when he comes.
They say it is very nice at Aylesbury
