Dear Miss Whiting,

I brought your letter of Dec. 12th before the Executive Committee of this Society on Wednesday, and I am desired to tell you that the question you raise, as to the desirability of asserting our position as a Society which employs constitutional methods only, is under consideration, a decision upon the subject having been postponed till the next meeting of the Committee.

Believe me,

Yours truly,

Miss M C. Whiting,  
17 Abingdon Mansions.
