## INTRODUCTION.

THIS Bibliography is intended for the use of women citizens who wish a convenient, up-to-date and carefully selected list of the most important books, pamphlets and reports on subjects of special interest to women. All the books mentioned and many others, some of rare historical interest, are contained in the Edward Wright and Cavendish Bentinck Library in the offices of the National Union of Societies for Equal Citizenship, Evelyn House, 62, Oxford Street, London, W.1. While this Library contains books of general political, economic and social interest, the sections relating to the various aspects of the Woman's Movement are more complete than those containing books on other subjects which can be more readily obtained at other libraries. Supplementary lists of new books will be issued periodically.
