My dear Miss Ward,

My daughter has shown me your letter  
of Dec 31. As I have come back and  
I hope to be at the office on Tuesday, I  
will wait before replying to it until I know  
more about the present conditions as to  
the new & old papers. It takes a little  
time after having been away to pick up the

threads again.

Believe me, yours very truly

How very kind of you. I could not bear the idea of Miss Stacey bearing all that heavy loss. I am very glad that you feel as I do about it.

I hope I may take this opportunity of thanking you also for the splendid

work which can give to our movement.

We all value and appreciate it very  
much.

Believe me, yours Sincerely

My dear Miss Ward, AL/462

I think "Women & the Budget

would be quite a good title for my  
speech on Oct 19<sup>th</sup>. Of course I should

avoid anything of a party nature

I did not notice Lord Ridley's  
comparison between The Dads &

Suffragists of all kinds are I have  
no influence on the Budget?

It is on 2 days Times.

Yours sincerely
