

(Papworth. Miss.)  
Women's Industrial Council

AL/2707

To Miss Wyatt Papworth,  
Women's Industrial Council.

Sept. 26th 1907.

Dear Madam,

I regret that as the Committee of this Society does not meet in the month of August, your letter of the end of July has not received attention sooner.

It was laid before the Executive Committee yesterday at their first meeting after the vacation, and I am desired to thank you for it, and to tell you that it is unfortunately not possible for us to distribute papers of another Society. The Committee would suggest that the most effective manner of making known the conference to our members would be to insert an advertisement in the paper "Women's Franchise" (13 Bream's Buildings, E.C.) as this paper is seen by a large number of our members and to others likely to be interested in your work.

In order to insure insertion in the next issue, matter should reach the Office by the 1st post on Saturday morning.

I am,

Yours faithfully,

(Signed) P. Strachey
