Bristol July 11. 1831

Dear Sir

Fewcott

I should much to have seen
applications to the Liverpool Girls' Re-
formatory. - Having only one girl
to begin with they will doubtless take
care. As to the Birmingham Girls' Re-
formatory, Mr. Hambury & Co. Southampton
I shall be charmed if you can receive
from the hands of the Bristol Major
trader some of the unhappy juveniles
who are being sent in gangs to Bide-
well as if no Ringwood was near
them; & no other fear expressed a wil-
lingness to turn them into good sailors!
You shall not be taken up for
preaching with my consent!

Mr. Howell appears to be a practical
man.

I shall be very glad of your statistics,
Yours very truly,
Mary Carpenter
