Dear Madam

In answer to the
leaflet you send me as
to joining workers for
the General Election to
aid the cause of the
Women's Suffrage Society
I must decline to do so
as I am much engaged
here working for the
Liberal Candidate for
Wandsworth, Mr A. S. Peel.

Mr Reed is in favour of
Woman's Suffrage, but I
should work for him equally
if he were not, as he is
a sound Liberal and
right on all the points
on which all true Liberals
are agreed. Woman
Suffrage lies outside party
politics as it is an asso-
-ciation to which Liberals

and Conservatives equally
belong.

As to increasing my sub-
-scription I am certainly
not inclined to do that
until I see some official
disclaimer of the Society
or some expression of
regret at the methods
employed by some
suffragists to bring notice
to the public by interrupt-
-ing & disturbing meetings
in an objectionable manner.

There are opportunities of
asking questions in a
proper way at many meetings
without being a nuisance
to and irritating an
audience.

I return the leaflets as
you may like to send
them to some one else.

I am much obliged for
the Report.

Believe me

Yours truly

Beatrice Woodhouse
