Dear Mr. Fawcett,

I reported to the Committee yesterday the offer from Miss Helen of the drawing of Miss Emily Davies & yours to have it framed. I need hardly say it was accepted by acclamation & I was instructed to express to you & through you to Miss Helen, the Committee's warm gratitude for the valuable gift. Having just passed our Constitution we felt that the receipt of this treasure was a delightful boon to the N.U. in its new form.

Yours very sincerely

J. Sterling.

I hope we may be able to add to the Collection & when our aim is achieved, to be able to present the Collection to some suitable institution as a memorial of the great fight & victory!
