My dear Miss Edna

The article reads
very nicely indeed. I
think you people - It
is a little long. It would
be well if you could ask
ask about a Page 2 -
help. — The omission
might be in the Early part

W. D. Little & Co.
Printers
1870

The "Chambers" for instance
might go. & Mr Wood
could spare a little more
let show you an
tent about this

Yours truly
