Dear Mrs Anderson

I shall be most happy
to become a Governor in your
proposed School of Medicine
and shall be glad if I find
it possible to attend your
meetings.

I assure you I am quite
'well enough' to be troubled
about the matter. I am happy
to say that you have been quite

Misinformation about me and
that I never was better in
my life. Believe me

Very truly yours

J. P. Seelye
