CLIFTON COLLEGE.

My dear Pip

Donnez-moi votre patte.

When are you going to Sandown?

Is that the right name? Before you go will you ask papa if my watch may be sent to me when it is mended. I was 5th last week, Un.

Less the Entrance exam for the M. and E. Side happens after, I shall

go home by a train starting from
Bristol at 12.10 on ~~2~~ the 29th. Mrs
Halsey asked me out to dinner on
Saturday. Her son is an engineer
at the waggon works in Bristol,
and he is going to take me to see
them. Miss Halsey wants to be
remembered to Dorothy. We have
beaten School House in the first inn-
ings as they made only 87 and we

have made 90 ~~for~~ and 2 more peo-
ple to go out. I should think that you
exhausted the Paul's stock of books
while you were there. Exams be-
gin next week.

Give me a paw

Ralph.
