Dear Miss Palliser

I am sorry that
the organizing of the
of the "London Procession
of women" has prevented
the Society for Women's
Suffrage from considering
my proposition that a
meeting should be held

in children of women
who wanted, to-day,
have a vote had they
the suffrage ~~granted~~
on the same terms
as men! I, for
myself, offered
to pay the tax.

This offer was made
in November.

I doubt if I can

be able to repeat my
offer in February.

Yours truly

Richardson
