Dearest Pippa

I enclose you a letter

Miss Souvestre gave me last
Tuesday & said I might send
on to you with a request to
return it.

I was seized with a cold
on Wednesday of malignant

nature and am still feeling
rather bad - unable to go to
Allenswood yesterday for the
first time on account of health
in my professional career - 6 years
I think! Which says a good deal
for my robust constitution.

The Freshfield's dance was put
off on account of ^{Mr.} F. père's illness

9 death.

Elvior's children have gone to
Plymouth. The rest of the
family are well. My remaining
strength must be kept to thank
Cousin M. for her exquisite
bag. We shall expect you

home on Saturday.

Yr. loving
