Dear Mrs Galliver,

Thank you so much for your kind letter and information. I was quite in despair to hear that the books and papers sent to me have been returned!

You do not know how all information about the Women's movement are wanted just now! - That is why - though I know you are so dreadfully busy, - I implore you to send me these books and papers again (registered) through the following address, which cannot fail to bring them all right.

Moscow Censure étrangère
Monsieur Alexandre Genty (Z)

And inside please, put it for
M^r L. Mirovitch. I have spoken
to M^r Genty and complained
about what has happened: he
is sure to help me. - Together
with the books and papers
you have kindly sent me,
please enclose the "Women's
Record" - which also never
reached me; and, if possible,
the rules ^{for} of joining the Women's
International Alliance" and
the address of the Secretary of
the W. I. C. - to whom we
must apply. - Please, forgive
me for giving you all this

Trouble. I would never have
ventured to do it - if it was
not so important for our
mutual cause. I feel as if
we were all working together
- for righteousness and goodness.
You probably know that
the elections for the Douma
are going on well: the const.
Democrats are most popular
and have the majority. And
they have bound themselves
to work for our enfranchise-
ment in the Douma. Though
there are good news, we
are afraid to rejoice already:
our enemies are "sans foi ni
loi" - ready to use any
means to prevent the reign
and justice and liberty

papers etc as soon, as possible
And thank you once more for
your letter. - please, tell me
how much I owe you for
books, papers, post-expenses
- I shall immediately send
you my debt.

Yours very sincerely

Léonide Khovitch
