14 day of July 1860.

Dear Madame Bodichon.

I missed you by
going up to 19 Laugham
Place - when I was asking
for you, while you were
here - ! Do you - or don't you
know that I have a
very honest admiration
for you? - I have been
wanting to have another
talk with you - I will
come on Friday next

20th & if possible
bring the right persons
with me - or if not
the particulars of one
or two likely to suit; -
- I am now going off
into Kent till Monday
for US. for I have
been over working the
last three months &
want quiet - but I
know a lady who has

been governess in a
family there - who
may very possibly
suit -

With kindest regards
& ever most sincerely
Anna, P. Ree -
