My dear Amy,

We came home from Snape
last night & found your
delightful Christmas card
waiting for us here. We are
quite delighted with the Jaeger
woolsey and also with the
two photos of Jock. I have
my woolsey on at this present

moment. It exactly touches the
spot; and the pictures of Jack
are going into my book
of family records

We have had delightful letters
from South Africa and calling
from S. A papers with
reviews of the memoir:

They are & work round & you
and Jack.

Best love to you dear Amy
and all good greetings

for 1910 to you all including
the kind ladies of Waterseeds.

Ever you lovingly

P.T.O. M. G. Fawcett

Agnes cordially joins me
in these thanks for the
lovely Jaegers and in every
thing else I have written.
