Dear Mr. Webb,

We are writing to ask you whether we may use your name as a member of our Advisory Council? We won't bother you for advice any more than we always have, but we should be very grateful to have your approval.

I enclose our papers so that you may see what we are up to.

Yours sincerely,

Ph. Strachey

*Yes - But if I find
you are lending
support to the idea
of women being
"blacklegs" I shall
withdraw and
denounce you!
